Who are the Agitators?

The Washington Star, Mr. Buchanan's Southern organ, in a recent article upon Kansas matters, says:

If Lane & Co are sufficiently powerful before the people there to make the Territory eventually an abolition State, THE EFFECT CAN HARDLY FAIL TO BE TO US LIKE SUCH A FEELING THROUGHOUT THE SOUTH AS BODIES NO GOOD TO DO. MEXICAN PEACE AND HARMONY BE TWEEN THE ANTI-SOUTHERN SECTIONS OF THE CONFEDERACY.

Here we have a deliberate announcement that if the people of Kansas shall finally determine that they don't want the institution of slavery, the slaveholders will stir up a feeling at the South as well as "bode no good to domestic peace and harmony between the antagonistic sections of the Confederacy."

Other words if Kansas becomes a free State, the South will proclaim it a cause for dissolving the Union. Here we have a pregnant commentary upon the specious and lying pretence of the Nebraska bill, that "this true meaning and intent was to permit the people of Kansas to regulate their own institutions in their own way."

The miserable excuse of establishing "popular sovereignty," given as a reason for overthrowing the Missouri Compromise, is thus shown to have been an utter cheat upon the people of the North. The inhabitants of Kansas are not to be allowed to exercise popular sovereignty, on penalty of another and fiercer agitation at the South which will "bait" the domestic peace and harmony of the Union.

No Room for the President's Letter.

The Auguste Age postpones the publication of President Buchanan's letter till after election.

The editor could not find room for it in his broadsheet of this week. Meantime the Republican papers are promptly laying the document before their readers—notwithstanding the bankers claim that it is a perfect "extraneous" upon our party. It is singular that the leading democratic paper in the State should fail to let on this extingisher before election. When the Age had a press of advertisements, it sent them out in extra sheets. Wasn't the President's letter important enough for an extra?

Kansas Matters—The Villanous Apportionment—More Invasions Invited.

We copy the following from the N. Y. Tribune of last week. It shows very clearly what the Kansas gerrymander is, and what it was made for.

The apportionment of the new Territorial Legislature soon to be elected has been made, as our readers are aware, with a special view to invite invasions on election day. The whole arrangement of the districts has been made not with regard to the slightest degree to the convenience or rights of the resident voters, but entirely with a view to the convenience of the bogus Border Ruffian intruders who are imported from Missouri. Voltaire described the Prussia of his day as a pair of glasses stretching across the map of Europe. The Border Ruffian officers of the State of Kansas, or the Legislature to whom Walker has been elected, is a pair of glasses stretching across the map of Kansas. The whole arrangement of the districts has been made not with regard to the slightest degree to the convenience or rights of the resident voters, but entirely with a view to the convenience of the bogus Border Ruffian intruders who are imported from Missouri.

Representative Caucus—Bangor and Veazie.

The Republicans of the city of Bangor and town of Veazie are requested to meet on Saturday evening Sept. 1, at 7 o'clock, for the purpose of nominating two candidates for Representatives in the State Legislature. Also to choose a Republican City Committee for the ensuing year, and to transact such other business as may come before them.

LOCAL AND MAINE NEWS.

REPUBLICAN CAUCUS TO-NIGHT. We trust the Republicans will generally attend the representative caucus to-night at City Hall. By so doing they will ensure proper and satisfactory nominations. Attendance upon this primary meeting is a duty which every man owes, not only to his party, but to the city which is to be represented by the nominees. Go to the caucus, and you will have your proper voice in the selections.

THE BALLOON ASCENSION, which is to be made in this city during the State Fair, will take place on Wednesday the 30th inst, at 2 o'clock P. M., and will be made from the vacant land at the foot of Summer Street, (near the P. & K. railroad station). An ample enclosure will be erected, and supplied with seats for ladies—so that the process of inflation, occupying some two hours, may be comfortably witnessed. The aeronaut is the celebrated Mr. Wise of Philadelphia (the senior of the two aeronauts of that name) and the balloon is his favorite "Old America" in which he has made we believe, some two hundred successful ascensions. The capacity of this balloon is about 11,000 feet. It will be inflated from the gas works of the Bangor Gas Company. A lady and gentleman have engaged to take passage on the aerial trip—and if the weather is favorable a pony will be hitched on below.

NOMINATIONS FOR REPRESENTATIVES. We are gratified to learn that Mr. J. H. Drummond has been re-nominated for representative by the Republicans of Waterville. Mr. Drummond was one of the ablest and most influential members of the last House, and a man who stands very high with the people of the State. Although still a young man, he has given evidence of maturity of mind, and of abilities of a high order as a legislator and a business man. We predict for him a brilliant future.

THE REPUBLICANS OF OLDTOWN have nominated Moses Buck, Esq., and those of the Cornish, Kenduskeag and Hudson districts have nominated Levi W. Case, Esq., of Kenduskeag—both able men and prime Republicans, and who will take good care of the interests of their constituents and of the State.

DEMOCRATIC CAUCUS. The Democrats of Bangor and Veazie held a caucus at (City Hall) last evening for the purpose of selecting candidates for Representatives to the Legislature. The meeting was very thin, and remained together only a few moments.

Daniel W. Bradley and Wm. H. Taylor were elected. The latter gentleman has the edge of Straight Whiggy about him. They will make capital candidates to be run down.

The meeting was presided over by Gorham L. Boynton, Esq., and Daniel M. Howard, Esq., was Secretary.

IMPORTANT AUCTION SALE. We call attention to the important auction sale of machinery &c. advertised to take place at Lewiston and to commence on Tuesday the 29th inst.

LARGE TOMATO. Mr. Lemuel Bradford has exhibited to the News a fully ripened tomato of regular shape, which measures at right angles six inches one way and five the other. It was one of a large number of about the same size.

It is stated that Wm. T. Johnson Esq. for merely of the Age is to take the place of Mr. Blaine of the Journal. Mr. Johnson is an able writer, and probably as well acquainted with the politics and the legislation of the State, as any other man.

CELESTIAL LINE. Mr. H. H. Edwards, formerly of Edwards & Co. Express of this city has purchased of Mr. George W. Spratt of Johnston County, which touches the Missouri line and after sailing over two counties a large number of miles, which contain many fine trees, the Lawrence District, and a fine view of the Rocky Mountains. Besides the direct invitation it held out to intrusive voters, it was a convenience to those who had not paid the bona fide fee of \$100, and it was a promise about security, the right to vote, the whole people of the State have been placed in a state of confusion in the way of the Free State election. It is now proposed to restrict the right of suffrage to those who have been residents for six months, thus excluding all the numerous Free State immigrants of the present season. Not only that, but it is set up that none can vote who have not paid the bona fide fee of \$100, and it is a matter of interpretation of the law, promulgated by Judge Cato, and endorsed by the Lecomp. Grand Jury, is recovered by Walker, with some effrontery of opposition. But as Walker has been frightened by the fire of the officers of the South into eating his Topham speech and falling in with the requirements of six months residence, no doubt he will be induced by a similar process to do the same thing with his interpretation of the election law.

The Bangor Union has a letter from its "Washington correspondent," claiming for the democratic party all the kingdoms of this world, including Utah. It is readers know that these precious specimens of gas come from Dr. Jordan; they must rest mightily. They have heard the Doctor last before about the extensive possessions of the democratic party. It is what the Union might truly call a weak squeak.

The Liverpool Courier says three fourths of all the ships now fitted out or Liverpool, are rigged with wire rope. It is a fourth less in weight, not one half the bulk of that made of hemp, and costs 20 per cent. less.

ROMA'S ORDERS FOR STEPS. A letter from St. Petersburg says that the Russian government has just given orders in France and England for nine line of battle ships, four frigates, two corvettes, two gunboats and four transports, all screw steamers.

ANOTHER SUBMARINE TELEGRAPH. The London Post of August 21, says "It is proposed to establish a submarine and overland telegraph between the West India Islands and North and South, and Central America."

To ascertain the weight of a horse, put your toe under the animal's foot.

TEMPERANCE LITERATURE.

At an early hour last evening, the rooms of the basement of the new Catholic Church were filled with people, both Protestant and Catholic, who, as well by their quarterly contributions as by their presence, testified their interest in the Temperance cause. We noticed very many ladies, and some of our most active business and professional men.

Mr. Casey, President of the Temperance Society acted as Chairman, and announced the object of the meeting in a brief introductory address.

He was followed by Father Bapst, whose deep interest and persevering efforts in the Temperance cause among the people of his charge, are well known.

In the course of his remarks Father Bapst feelingly alluded to the graduation and encouragement not afforded to him in his labors by the co-operation of the various Bangor papers, esteeming so much the more their cheering words, believing they had expressed the general sympathy of the public.

Mrs. Streeter, from the choir of the church, led by throughout the evening. The singing was excellent. Several splendid bouquets were thrown to the singers.

Albert G. Wakefield, Esq., was next called upon. He related some amusing anecdotes, illustrative of the noble and generous rivalry in doing good, which alone should exist between the Protestants and the Catholics.

Rev. A. Bales followed in an earnest and powerful temperance speech. Judges Pratt and Godfrey, and M. Emery and C. S. Crosby, Esqs., made short and interesting addresses.

After the music, a trio which brought down the house, Masters Edward Kellagher and Michael Dougherty gave excellent declamations.

A spirited round and duet formed a part of the concluding exercises.

The whole affair was eminently successful, and we trust the interest manifested by our citizens generally will encourage our Irish friends to persevere in their noble work, and that the great reformation now going on in the Catholic Church, will awaken a corresponding and no less needed effort among Protestants.

One sixth of the machinery in the cotton mills of the Bates Corporation, Lewiston, has been discontinued in consequence of the poor market.

Mr. O'Donnell, one of the contractors on the Canal works, was injured considerably, by falling from one of the embankments, a few days since.—Lewiston Journal.

ACCIDENT.—We learn that Mr. William Dingley of Danville, was severely injured by a kick from a horse, on Wednesday.

SOMETHING NEW—SOMETHING RICH—SOMETHING RARE.—Look out for the Grand Opening of DRY GOODS, Tuesday, Sept. 15th by Locke & Co. at 32 Main street.

Our friend of the central democratic organ has sturred up the bile of the truculent Cary, by an unfortunate attempt to apologize for publishing the pugacious (though regular) resolutions of Cary's democratic convention in Aroostook. That gentleman thus dresses down the organ, and sends the letter to the organ grinder for publication.

ROUSTABOUT, August 31 1857. To the Editor of the Age.—I notice in your paper of the 27th, that you had published, egregiously to request, the proceedings of the Democratic Convention in Aroostook. I am sorry to hear that you took county, to which you have been elected, to publish the proceedings and resolutions of political conventions, as a matter of course. Of the proceedings in the foreign resolutions, to personal matters and local controversies, we have no personal knowledge whatever, and do not therefore wish to be understood as taking any part in the discussion for, or of, or against the Democratic Convention, or of any other party of the State.

You also say, in an editorial on the nomination of Senator in this county that the lower section of the county claims the Senator, and that year, which accounts for the nomination of Mr. Burleigh.

It is, as you say, you publish the proceedings and resolutions of political conventions, as a matter of course. Of the proceedings in the foreign resolutions, to personal matters and local controversies, we have no personal knowledge whatever, and do not therefore wish to be understood as taking any part in the discussion for, or of, or against the Democratic Convention, or of any other party of the State.
